Scarecrow Unit

This is a FUN unit all about Scarecrows!! Your students will have a blast learning about scarecrows with all of these math, literacy, and writing activities! There are anchor charts and crafts too! These activities also go along with the common core in literacy and math. You and your class will have a BLAST learning about scarecrows!

MATH Activities Included:

- **2D Shape Scarecrow**
  - Create a cute scarecrow craft out of shapes! Then, graph how many shapes you used to create the scarecrow and compare the shapes.
- **6 Crows on a Scarecrow fold down**
  - Students make a flip book that turns into crows sitting on the scarecrows arms. This activity helps students write their numbers 1-6, counting to 6, adding to 6, and taking away from 6.
- **I See 6 Crows Mini Reader/Counting On Cut and Glue Activity**
  - Students will read short sentences about crows on scarecrows arms. Each page has a certain number of crows on it and students need to determine how many more crows they need to add to get 6 altogether. They will glue the correct number of crows onto each page to get 6 altogether.
- **Large and Medium Sized Crow Pictures, Numbered Crows 1-7**
  - You can use these pictures with student help. These crows can be used in a number of ways! Students can place the crows in order from 1-7, count on, add, subtract, and more!
- **More or Less Crows with Writing**
  - Students will count a group of crows and write how many there are. They will compare one group to another group and write which group has more and which group has less.
- **More or Less Flipbook**
  - Students will divide 7 crows into two groups and glue inside of a flipbook. They will count each group and write the number. They will also write which group had more and less.
- **Comparing Names to Scarecrow**
  - An activity where students will compare their name to the word 'scarecrow'. They will cut and glue the letters in their names onto a sentence strip as well as the word 'scarecrow' to compare to each other. They will fill in a graph and data to compare their name to scarecrow.

MATH Activities Continued...

- **Order Crows 1-7 Cut/Glue with Writing**
  - Students will cut out crows and place them in the correct order 1-7 on a fence and glue. They will also write a short sentence about how many crows they see.
- **We Can See 7 Crows Cut and Glue Mini Reader and Counting Activity**
  - Students will read short sentences about crows. Each page has a certain number in the sentence. Students will glue the correct number of crows on to the page to show the number in the sentence.

LITERACY Activities:

- **My Scarecrow Has... Mini Writing Book**
  - Students will use their 2D Shape Scarecrow craft and write about the different parts of their scarecrow. They write and draw about a part of the scarecrow on each page of their book.
- **The Little Old Lady Who Was Not Afraid Of Anything Prediction**
  - Stop before the book is over for students to predict who is at the door. They will make a flip up door on a house with their prediction behind the door.
- **The Little Old Lady Who Was Not Afraid Of Anything Sequencing Anchor Chart**
  - Pictures to make an anchor chart to sequence the story and the onomatopoeia words to go with each picture.
- **The Little Old Lady Who Was Not Afraid Of Anything Sequencing Activity**
  - Students will do a fun flip up activity where they sequence the story and place the correct onomatopoeia words to go with each part.
- **The Little Old Lady Who Was Not Afraid Of Anything Scarecrow Anchor Chart**
  - Words and pictures for you to use as an anchor chart that goes along with the story. These words and pictures are for labeling each part of the scarecrow from the story and each piece of clothing. This also includes the onomatopoeia words to go with each part.
- **Scarecrow Informational Writing Anchor Chart**
  - Letters and Words for you to make an informational writing anchor chart about scarecrows.

LITERACY Activities Continued:

- **Scarecrow Informational Writing**
  - A Writing activity to do with your class where they will fill in their very own informational writing page all about scarecrows.
- **Scarecrow Sentence Unscramble**
  - Large words that will have your students trying to unscramble to make a complete sentence. There are 7 sentences your class can try to unscramble. Your students and class will have to work together to get students holding the words to go to the correct place to make the sentence correct!
- **The Scarecrow's Hat Problem and Solution Anchor Chart & Activity**
  - Pictures to make an anchor chart to show the problem each character had in the story and the solution to their problem.
  - Students will also get to do a problem and solution interactive activity as an extension activity.

This Scarecrow Unit also comes with a 'Unit At-A-Glance' that gives you a 10 day layout of when you can do all of these activities in your class. This helps as a great guide for planning!

Each activity comes with step-by-step details and instructions on how to prep, complete, and teach the activity.

There are pictures of each completed activity for you to see exactly how to use it.

I hope you have a wonderful time with these activities! Feel free to email me with any questions at:
