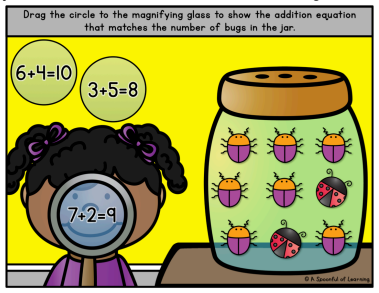
MATH CENTERS

14 May Activities

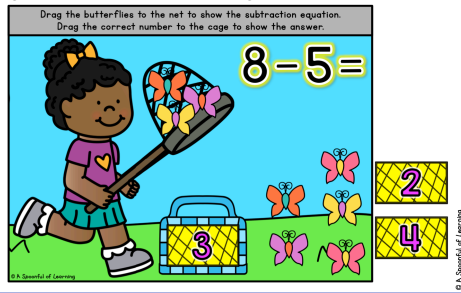
ADDITION

Drag the circle to the magnifying glass to show the addition equation that matches the number of bugs in the jar.



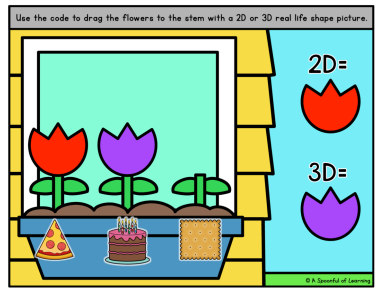
SUBTRACTION

Drag the butterflies to the net to show the subtraction equation. Drag the correct number to the cage to show the answer.



2D AND 3D SHAPES

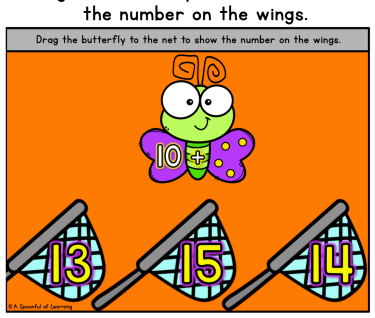
Use the code to drag the flowers to the stem with a 2D or 3D real life shape picture.



© A Spoonful of Learning

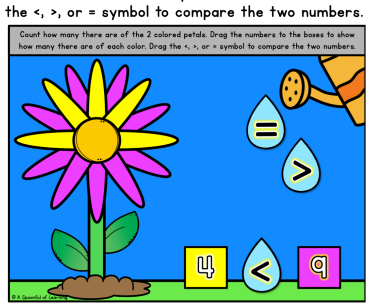
COUNTING ON

Drag the butterfly to the net to show the number on the wings.



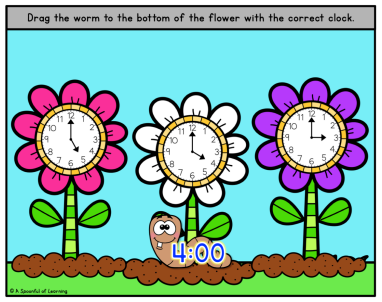
COMPARING

Count how many there are of the 2 colored petals. Drag the numbers to the boxes to show how many there are of each color. Drag the <, >, or = symbol to compare the two numbers.



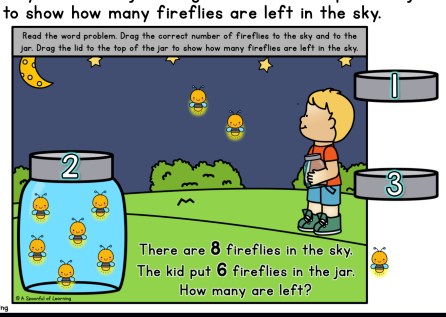
TIME TO THE HOUR

Drag the worm to the bottom of the flower with the correct clock.



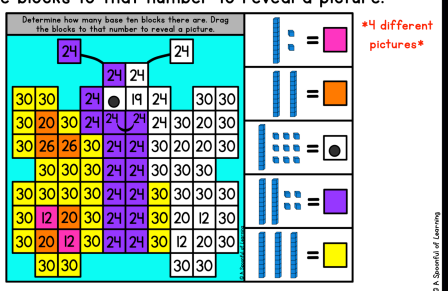
SUBTRACTION STORIES

Read the word problem. Drag the correct number of fireflies to the sky and to the jar. Drag the lid to the top of the jar to show how many fireflies are left in the sky.



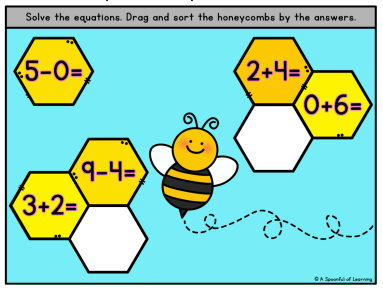
MYSTERY PICTURES BASE TEN BLOCKS

Determine how many base ten blocks there are. Drag the blocks to that number to reveal a picture.



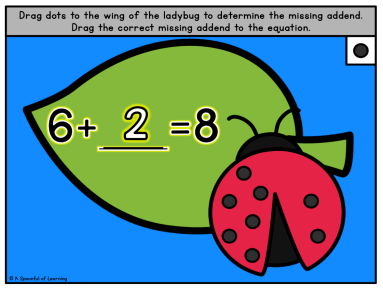
ADD AND SUBTRACT

Solve the equations. Drag and sort the honeycombs by the answers.



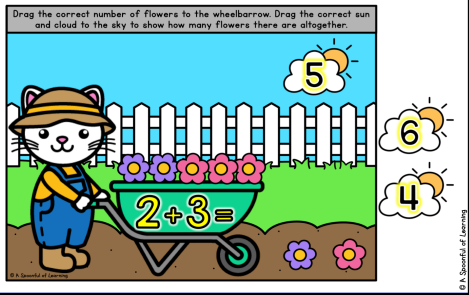
MISSING ADDEND

Drag dots to the wing of the ladybug to determine the missing addend. Drag the correct missing addend to the equation.



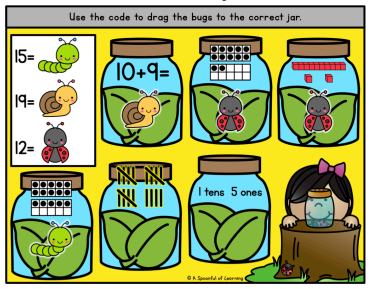
ADDITION

Drag the correct number of flowers to the wheelbarrow. Drag the correct sun and cloud to the sky to show how many flowers there are altogether.



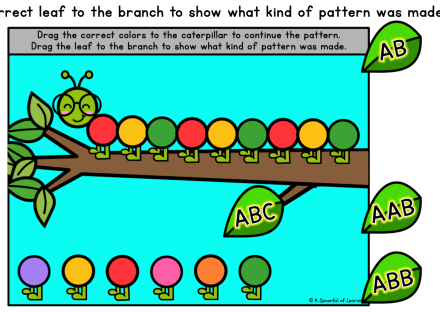
NUMBER SENSE

Use the code to drag the bugs to the correct jar.



PATTERNS

Drag the correct colors to the caterpillar to continue the pattern. Drag the correct leaf to the branch to show what kind of pattern was made.



LENGTH ORDER

Drag the numbers under the pictures to put them in order from smallest to tallest.
